

FOURSIGHT WINES

2008 Charles Vineyard Sauvignon Blanc

WINEMAKER'S NOTES:

The 2008 Sauvignon Blanc was harvested from our estate vineyard just outside of Boonville —one of just a few vineyards planted to Sauvignon Blanc in the entire Anderson Valley appellation.

Each year we struggle with this grape, which is more finicky and difficult to grow than our Pinot Noir. However, when the wine is made, we're always glad we went through it all again.

This wine is 100% Sauvignon Blanc, cold-fermented and aged in 100% stainless steel to retain its natural, bright fruit flavors and crisp acidity. In addition to the beautiful citrus and tropical fruit aromas and flavors found in this wine, it pairs with almost any food, making it one of our favorite additions to our holiday tables.

Alcohol: 14.1%

Aging: 100% stainless steel

Cases Produced: 216

Release Date: September 2009

Suggested Retail Price: \$20
